The Beaumont series

Flotation Systems showcases a new design series – rich in Southern architectural style.

Graceful arched supports and curved balusters create a warm, distinctive appeal that welcomes friends and family to a relaxing day on the lake.

Buckskin Decking/ Burnished Slate Roof, Posts & Braces

Southern style.

Optional Southern-style Cupola available with louvers or 4-pane glass windows, with or without weathervane.

The Beaumont series

Graceful design.

- Stylish arched supports create open dock space and expanded scenic views
- Arch supports, integrated through roofing system, are built to quality standards offered on all Flotation Systems products
- Sundeck balusters, available in a graceful curved option or straight picket, maintain safety and design aesthetic
- Warm earthtone color palettes complement natural landscapes and homesites
- Powder coated finishes meet or exceed AAMA 2604 for salt spray resistance and outdoor exposure
- 6000 series marine grade aluminum construction
- 300 series stainless steel hardware
- U.S. Army Corps of Engineers approved EPS foam filled billets
- Maintenance-free, non-skid, powder coated all aluminum decking
- 26 ga. commercial high ridge roofing and roof trim
